7-3-13

On this day 7-3-13 I was shaken down this morning and was told that I'm NO longer allowed to have any PHOTO of Jeseta Gage, "THE Victim in my Crime," I cannot have in my Position. Nor am I allowed to have pictures of any Child, including those of my Family! But the Photos of "MY Victim" as were order by You ~~and~~ in a Johnson County Court, 8-16-10

They did not give a reason, nor any court documentation for the Removal, of the PHOTO'S.

I am now going to request the appointment of an Attorney for Post conviction. And I also want the DHS Findings and the St Lukes Mental & Physics of Jeseta's committed time and Findings. I have been told several things that I FIND disturbing, This was said by Jeseta and I had told

my Trial Attorneys and they both said it does not matter.

My Financials have not changed from my Correspondence with you.

I do give permission for the Johnson County to have access to my Inmate accounts for varification. Thank You.
